### Description

Introducing the Can-Am Outlander Max XU+ 1000T, a versatile ATV built to exceed expectations in every ride. With a robust 80 HP (59 kW) engine, it delivers ample power for tackling any terrain with confidence. Equipped with 26-inch Carlisle ACT HD 6-ply tires and 12-inch cast-aluminium wheels, it ensures superior traction and durability for smooth rides on rough trails. Experience precise handling and responsiveness with Tri-Mode Dynamic Power Steering (DPS™), adapting seamlessly to your riding preferences. Plus, with a powerful 1,588 kg winch, it's ready to handle heavy loads and tackle demanding tasks effortlessly. Stay comfortable in any weather with heated hand grips and stay protected with included mudguards. Conquer every adventure with the Can-Am Outlander Max XU+ 1000T, your ultimate off-road companion.
