Description

This new Massey Ferguson 7S.210 is a powerful and versatile tractor designed for modern agriculture. It features the Dyna VT transmission and 119 l/min hydraulic pump, providing robust performance for various tasks. With 2 electric spools, Power Beyond, and a 4000 kg front linkage with hydraulic coupler, it easily adapts to demanding applications. The full suspension and adjustable steering column ensure a smooth, comfortable ride, while the air-conditioned cabin offers climate control and adjustable, de-icing mirrors. Built with convenience in mind, this tractor is GPS-ready, has LED worklights, Bluetooth radio, rear screen wash and wiper, and Speedsteer for efficiency and control. With 2 CEE power sockets and air brakes, the 7S.210 is ready to tackle any field job with confidence and ease.
